

Sidney Brown, Jr.

SOFTWARE DEVELOPER

✉ sidney@sidneybrownjr.com | 🏠 sidneybrownjr.com | 📞 [sidneybrownjr](https://sidneybrownjr.com) | 🌐 [sidneybrownjr](https://sidneybrownjr.com)

Objective

I'm a diligent Software Developer with excellent communication skills, including written and verbal, looking to secure a position where my programming skills can be heightened and used to create verbose web applications.

Skills

Front-end React.js · TailwindCSS · HTML5 · CSS3/Sass/Bootstrap · JavaScript · Pug.js

Back-end Node.js/Express · MongoDB/Mongoose

Technologies Git · Visual Studio · Trello · Adobe Photoshop · GIMP · Linux

Work Experience

CAVS (Center for Advanced Vehicular Systems)

Starkville, MS

WEB DEVELOPER

Apr. 2019 - May. 2020

- Created over 12 new web pages and full redesigns of existing web pages using HTML5/CSS3, JavaScript/jQuery, Bootstrap, and PHP.
- Improved navigation, enhanced visuals and strengthened SEO.
- Implemented W3C WAI accessibility standards.
- Researched and implemented new technologies, software packages, and hardware products for use in website projects.
- Received and completed tickets through Trello's platform.

Domino's Pizza

Starkville, MS

CUSTOMER SERVICE REPRESENTATIVE

Apr. 2017 - Apr. 2019

- Managing a team of junior customer service representatives.
- Recommend potential products or services to management by collecting customer information and analyzing customer needs.
- Ensure customer satisfaction and provide professional customer support.

Projects

Quizler

Github

REACT/TAILWINDCSS/OPENTRIVIA DB API

- Built a web app for users to take short quizzes for entertainment purposes using React, Hooks, and TailwindCSS.
- Retrieves the questions and answers from the OpenTriviaDB API.
- Users can select a category and difficulty for the questions.
- Users are given a set time to correctly answer as many questions as they can.

O.E.C. Japanese Restaurant

Github

HTML5/CSS3

- Created and implemented a potential front-end design idea for a local Japanese restaurant's website using HTML5, and CSS3.

Portfolio

Github

HTML5/CSS3/JAVASCRIPT

- Created my own personal portfolio as an identity hub using HTML5, CSS3, and JavaScript.
- Houses my personal information, projects, resume, and links to my social medias.

Education

Mississippi State University

Starkville, MS

B.S. IN COMPUTER SCIENCE

May 2020
